The Prez Sez

Rules of the Road

We got started on the list "for Rules of the Road". Here's what I have so far, I would appreciate your feedback. The idea is to publish some ideas of the best ways to cruise as a group. We can add as more are thought of. We want to make the cruise as much fun as the event, so let's have your ideas.

One thing we need to do better is to make sure everyone knows what the plans are. Some of the trips we take we have "history" with and always meet up at the same place and/or stop at the same places along the way. We need to do a better job of informing everyone and not assume that everyone knows the drill. (ie; Winslow trip..Meet at the Starbucks in Fountain Hills (Target shopping center on West side of the road) gas stop in Payson, then a rest stop at Clint's Well)

- Be at the meeting place on time.
- We will leave from meeting place on time, not before.
- If you are running late let someone know so we can wait.

- Good idea for all of us to have a radio, with club channels for communication.

- Watch the car behind you, keep them in sight.

- Remember when passing, don't pull in right away, leave some room for those behind you.

- There will be car problems, but we will leave no-one behind!

- Stick together as much as possible.

- Daily drivers are welcome, but should run in the rear.

And...It's time to start preparation for the November Good-Guy show. I will have the sign up sheets started soon, and I will need to verify T-shirt sizes. The T-shirt order goes in first part of August. If you don't have a strong preference for a work duty we can always use more help with the Parking on the field. As in the past getting a shift from everyone each day would be special! If you can work multiple shifts that will be great!

“ THANK YOU ”

By Charley The Chair

Hi Folks, I'm Charley The Chair and I'm writing this article because Mommy Dee is just too busy right now. Mommy Dee and Daddy Ken want to **THANK YOU SO MUCH FOR SUPPORTING** the car show at **PHOENIX CALVARY TEMPLE** on Central Avenue on Sunday, May 17. Our OTHG-Phoenix had 12 cars there and we were so happy to have you participate. Diana Macmaster, Mommy Dee's daughter, was so excited, as this was her **FIRST** time to be involved in putting together a car show. I think she did very well getting all the detailed things done.

The grass was marked off for 46 cars and they ended up with 39 cars, 2 jeeps and 8 motorcycles. I was sitting right near the entrance of the grassy area as there was a little ditch there and I didn't want anybody to drive or fall into it. A lot of the OTHG was sitting right near me and I got to hear a lot of "stuff" like jokes and this and that. You guys sure have some pretty interesting conversations. It was a hot day, but with all the chatter and laughter and being able to sit mostly in the shade, the day went fast.

Mommy Dee was busy taking pictures and forgot that Gordon, her son-in-law, had his motorcycle inside the church, right up front, and she didn't get a picture of it. "Oh that mother-in-law!" And Daddy Ken was out and about visiting with the car folks, like he always does. He's our "social butterfly" you know. Everybody got to vote for their favorite car

and motorcycle and after everybody voted, the car winners included Dave Bennett, Paul and Judy Nolte, and Dan McLaughlin. I don't know who won the motorcycle award. But they all got restaurant food cards. Can't beat that!

And speaking of food, the Church had plenty of food and it was delicious! Of course, I didn't get any but when the gang came back after lunch, they said the pulled pork sandwiches, hamburgers and hotdogs were super, plus all the other potluck food donated by the church members was great too! If you went hungry, that was YOUR fault.

So Mommy Dee and Daddy Ken thank you again for coming out and braving the heat. I know the church members were thrilled to have this "**Friends Day**" event turn out so well. And after the awards, did you see Pastor Tim get 2 or 3 chocolate pies thrown in his face, I'm sure he was glad it was over. Diana said they are hoping to hold this event much earlier next year and I already know they'll want to do another car show with it.

Some of you newer members are probably saying "who in the world is Charley?" Just ask about the story of abandonment, and traveling and adoption! Yes Sir, that's me! I'm the luckiest "chair" in the world!

Love and Hugs to you all!

Thank you from Paul & Judy

Thank you for the donation for the Sarah Nolte Run for Life show. This year the event proceeds went to benefit healthy heart checks for High

School athletes. Ken & Dee, Jerry & Carol, Nick & Deb, Dave Bennett, Page, Paul & Judy were there. This time we didn't get rained out.

Know what the symptoms are! by Jim & Jackie Councilman

Jackie feels this word needs to get out to as many women as possible letting them know she had no symptoms. This whole thing could have turned out so different, which would have been a horrible ending.

I had quite a shock when receiving a telephone call from an emergency room doctor informing me that Jackie had been rushed by ambulance to a local hospital, and was in the ER in critical condition.

Upon arriving at the hospital I was told that Jackie had felt light headed and sick to her stomach while at work. After her continuing to finish 2 customers (that's Jackie for you) she opted to try and go home. She felt she just needed to go home and lay down.

Three blocks into her journey she realized that she seemed to be feeling worse so she chose to drive to a nearby fire station to have her blood pressure checked. At that time she was having

fatal V tac rhythm in her heart. She was immediately rushed to the closest hospital (thank goodness less than 2 miles) after heavy duty medication they were able to get her into some what of a normal mode.

That evening she was transferred to a Cardiac Hospital and placed in ICU where she was monitored for closely for 2 days. On Monday she received her combo pack. This includes a pacemaker and a defibrillator.

Jackie is now home and on the road to recovery. This was a real wake up call. The message Jackie would like to have you spread especially to your women friends. She had no pain, no heart symptoms. Just light headed and sick to her stomach. She was told by the firemen that if she had not had the sense to get to the station, she would not be here today.

We thank you for your love and prayers.
Jim and Jackie Councilman.
