## The Prez Sez:

Congratulations on another, YET ANOTHER wonderful successful fun-filled Good - Guys Spring Nationals. **You guys really rocked this one.** I'm going to call it the smoothest event ever from our side. Thank you for all you do, and I appreciate the effort you all extend to make the show a great experience for everyone.

Turnout was big, and exceeded expectations again this year. I believe we had close to 1900 cars registered. Saturday was again the big day. Our buffet was a big success also, thank you Page and Linda for that. I'm not sure how many we served but everyone enjoyed it. Sunday's show was much lighter turnout, and it was a kicked back day.

I thought the vendor's turnout was much lighter than last March, maybe the economy caught up with some of them. Still there was a good mix of vendors and they all seemed to be busy. The awards went smooth and there was no afternoon shower like November to dampen things. Thanks again for a great show, I know the participants appreciate what you do, the Good-Guys certainly do and that was expressed several times to me.

The tour was a bit perplexing; it started from West World at around 200 cars. By the time I got things wrapped up at the site and joined in after the lunch stop there were only 70 cars or so at the F1 Racing stop. I was really disappointed in that. Once I got inside and saw what was going on I felt better, those that did make the stop were really having a great time. Can't

explain why so many skipped the stop, it was sure a good one. Talked to the guys at WSI and they had steady traffic there from about 1PM on and there was a good group there when I was there after 4PM.

Drew's was packed, maybe 150-160 cars total. He served over 400 meals. He had people in the lot around 1PM, so many went from lunch to his parking lot...Go figure! Also heard that the first and second stops were busy, the businesses appreciated the exposure.

Thursday Night coming home from Drew's I lost the tail lights in the Hot Rod. After a long ordeal I found bad light sockets, one in the rear, and another in the front. Rear socket would short on occasion; front socket was a bare wire also shorting on occasion. Man I hate re-wiring, almost easier to rip it out and start over. I sure missed not having the car at the Good-Guys show. It's not the same in the family car.

The barby-que at the Rosemans was a cool deal, once we got there. I ran a map Quest and it took me down I10 to Riggs Road. We never found the turn off from Riggs, had to call for directions. Steve and Connie have really built up since we saw it at Christmas, very neat garages. This kind of club activity is great and everyone seems to have great time ... Lets do more of them, although each time I am more, and more jealous of others garages.

Ya Shoulda Been there !

## *April Birthdays*

Don't forget we're looking for ideas for putts

Below is one that Fred Elston created!

# **APRIL BREAKFAST FUN RUN TO THE LAKE**

Well Gang it's time to check out the wild flowers and of course get some eats on the way to the lake.

We will be leaving McDonalds at Gilbert Road and Baseline (also known as the slab) at 8:30 am on Sunday April 10, 2011

and driving to

Canyon Lake Marina Restaurant for breakfast.

Drive a hot rod if you can, and if you can't find one that runs, drive the ol' grocery getter.

See you there or be ?

Any Questions Call Fred Elston (602) 953-9208

Please send me the For Sale or Wanted items, so I can put them in the newsletter next month. e-mail [jnolte@cox.net](mailto:jnolte@cox.net)
